

**Self-Declaration
to the ILUMEN PIDbox mini**

The company

KOSTAL Solar Electric GmbH
Hanferstraße 6
79108 Freiburg i. Br., Germany

has no reasonable doubt that the ILUMEN PIDbox mini could be combined with

**PIKO 3.0, 4.2, 4.6, 5.5, 7.0, 8.5, 10, 12, 15, 20,
PIKO 6.0 BA, 8.0 BA and 10 BA**

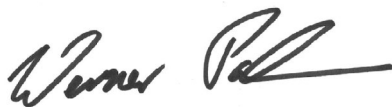

as long as the following requirements and disclaimer will be observed:

- All connections have been carried out as mentioned in the enclosed operating instructions. The operating limits (DC voltages, currents and power) of the PIKO inverter and the connected components of the PV system are not exceeded at any time. The operating limits of the PIKO inverter are specified in respective data sheets and manuals.
- KOSTAL Solar Electric GmbH assumes no responsibility for the EMC design of the PV system.
- ILUMEN has approved the operation of its products with KOSTAL Solar Electric GmbH PIKO inverters.

By this precondition KOSTAL's manufacturer guarantee and warranty obligations for the PIKO inverters will remain when using the ILUMEN PIDbox mini in combination with them.

This declaration certifies compliance with the harmonisation legislation provisions named, but does not contain any assurance of properties. Observe the safety instructions in the enclosed product documentation!
